

Amazon Kindle Wireless Instructions

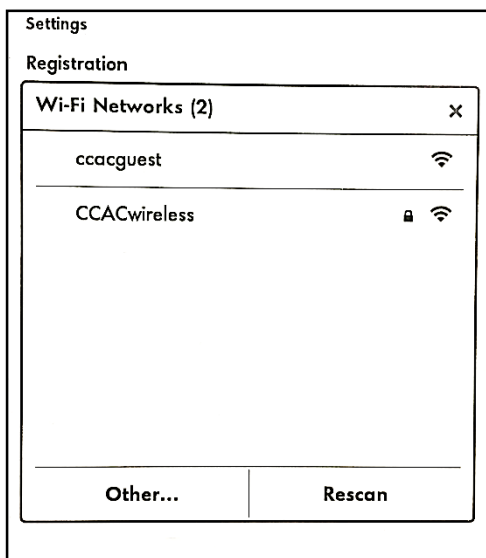

Please follow these instructions to connect your Kindle to the CCAC Wireless

Instructions:

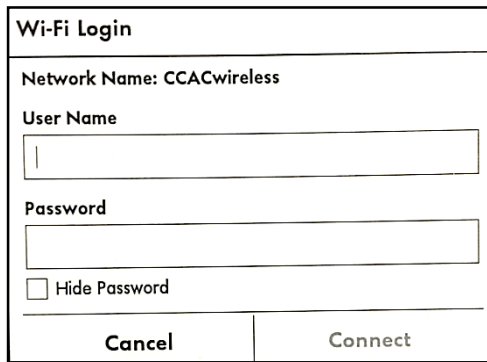

1. Tap the Menu Icon on your device: 
2. The Settings Menu will appear. Tap Wi-Fi Networks.

3. You will see a list of detected networks. Tap on CCACwireless to connect.

4. A box will appear. Enter your user name and password.

The image shows a 'Wi-Fi Login' dialog box. At the top, it says 'Wi-Fi Login'. Below that, it displays 'Network Name: CCACwireless'. There are two input fields: 'User Name' and 'Password'. Below the 'Password' field is a checkbox labeled 'Hide Password'. At the bottom, there are two buttons: 'Cancel' on the left and 'Connect' on the right.

5. After you enter your credentials, click Connect.
6. Your Kindle is now connected to the CCACwireless.
