Minimum Credits to Graduate: 62–66*Continued on Page 2*

* TRF=Transfer Credit CBE=Credit by Exam CLEP=College Level Examination Program AP=Advanced Placement Examination

This advising/graduation checklist lists the program requirements for students entering CCAC in the academic year indicated. A continuing student may graduate with the requirements in effect the year the student entered CCAC. All students must earn 30 college level credits in CCAC classes (this includes distance education courses) and have a minimum institutional GPA of 2.0. Mathematics electives must be at the 100 level. The remaining program credits may include transfer credit, credit by examination, CLEP or AP examinations. Institutional credits and GPA are used to determine eligibility for graduation.

Business Parallel Program (continued)

(2011–Fall 2012)

(004.1) ALLEGHENY, BOYCE, NORTH SOUTH

Associate of Science

* Concentration in a major field requires a minimum of eighteen credits or six courses in the area of the bachelor's degree or related field of knowledge. These courses must be selected in consultation with the transfer counselor and/or academic advisor.

** *MAT-120, Analytical Methods* or department approved mathematics course required for transfer. An additional mathematics course must be selected from *MAT-108, Intermediate Algebra*; *MAT-165, Probability & Statistics* and *MAT-220, Business Calculus*. *MAT-195, Business Mathematics* will not satisfy the mathematics requirements in this program.

***It is recommended for students who are unsure where they are transferring to take a four credit lab science class.
