**Minimum Credits to Graduate: 60-64**

<sup>1</sup>CCAC recommends that all graduates be computer literate in their field of study. Your academic advisor and program faculty can outline the various options for developing computer literacy.

<sup>2</sup>Mathematics elective must be a college level course

Comments: \_\_\_\_\_

\* TRF=Transfer Credit CBE=Credit by Exam CLEP=College Level Examination Program AP=Advanced Placement Examination

This advising/graduation checklist lists the program requirements for students entering CCAC in the academic year indicated. A continuing student may graduate with the requirements in effect the year the student entered CCAC. All students must earn 30 college level credits in CCAC classes (this includes distance education courses) and have a minimum institutional GPA of 2.0. Mathematics electives must be at the 100 level. The remaining program credits may include transfer credit, credit by examination, CLEP, or AP examinations. Institutional credits and GPA are used to determine eligibility for graduation.
